UNITED STATES DISTRICT COURT  
NORTHERN DISTRICT OF CALIFORNIA  
SAN JOSE DIVISION

12 DARREN WALLACE, et al.,  
13 Plaintiffs,  
14 v.  
15 CITY OF SAN JOSE,  
16 Defendant.

Case No.[5:16-cv-04914-HRL](#)

**ORDER DENYING PLAINTIFFS'  
MOTION TO RELATED CASES**

Re: Dkt. No. 66

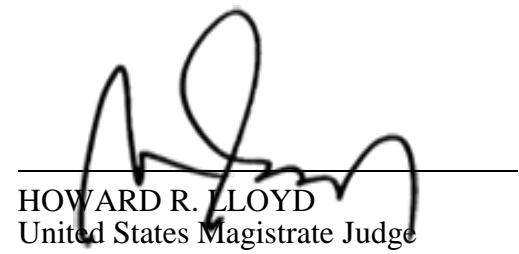

17  
18 Pursuant to Civ. L.R. 3-12, plaintiffs move to relate the instant action (hereafter, *Wallace*)  
19 to several others, more recently filed.<sup>1</sup> *Wallace* is assigned to this court upon the consent of all  
20 parties. As both sides have advised the court, however, the plaintiffs in the more recently filed  
21 cases have declined magistrate judge jurisdiction. Thus, plaintiffs request that the newer actions  
22 “be related to *Wallace* but be assigned to the appropriate Article II Judge.” (Dkt. 66 at 9). For  
23 various reasons, defendant City of San Jose (City) objects to plaintiffs’ request, which the City  
24 views as an impermissible attempt at “judge shopping.”

25  
26 <sup>1</sup> The proposed related actions are 3:18-cv-01383-JD *Barnett, et al. v. City of San Jose*; 5:18-cv-  
27 01386-BLF *Crivelo, et al. v. City of San Jose*; 5:18-cv-01390-EJD *Ryan, et al. v. City of San Jose*;  
28 5:18-cv-01393-EJD *Belton, et al. v. City of San Jose*; 5:18-cv-01394-LHK *Escobar, et al. v. City  
of San Jose*; 5:18-cv-01403-LHK *Conde, et al. v. City of San Jose*; 3:18-cv-01406-WHO *Westcott,  
et al. v. City of San Jose*.

1        It is this court's understanding that, due to plaintiffs' declination of magistrate judge  
2 jurisdiction in the newer actions, if this court were to relate *Wallace* to the more recently filed  
3 actions, then *all* cases, including *Wallace*, would be reassigned to a District Judge. Based on that  
4 understanding, this court declines to relate the cases because doing so would not serve the interest  
5 of judicial economy. *Wallace* is at the dispositive motion stage. The parties have submitted briefs  
6 on summary judgment; the court held a lengthy hearing on the matter and stands poised to issue its  
7 ruling on that motion. If all cases were to be related, the present action would be reassigned, and  
8 all of this court's work will have been for nothing. Accordingly, plaintiffs' motion to relate cases  
9 is denied. The court suggests that plaintiffs may wish to ask the judge assigned to the next lowest  
10 case number whether the more recently filed actions should be related.

11        SO ORDERED.
